The Foundation for New Education Initiatives, Inc.

Welcome

Greetings from The Foundation for New Education Initiatives, Inc., a direct support organization for Miami-Dade County Public Schools. The Foundation's mission: to secure supplemental funding for enhancing student achievement through innovation and community engagement. In keeping with the motto of the school district it supports, the Foundation aims to "give our students the world" by meeting global education standards.

With your help, the Foundation can move our public school students and their teachers into new worlds of opportunity, innovation, motivation and academic success.

Some of our students are already reaping the benefits of the Foundation's support by attending the Success Academy. These students, who attend some of the school district's lowest-performing schools, have an opportunity to receive extra help through one-on-one tutoring sessions held on Saturdays. Their parents also participate by signing a contract to ensure their child's attendance and by exploring family learning opportunities offered through the school district's celebrated Parent Academy, an initiative the Foundation also funds. Thousands of students are also being introduced to our community's array of cultural and arts institutions through the Foundation-supported Cultural Passport Program.

Give our students the world today. With your donation and your commitment to our mission, you have given the most valuable gift of all — education.

Sincerely,

Alberto M. Carvalho
